MIDDLEBURY.

Fresh oysters at Benson's.

Fruit and confectionery of all kinds, Benson's.

Benson has just received a supply of the Mason Fruit Jars.

Call at the Star Mills, if you really want the best qualities of flour, at the lowest prices.

Those who desire to secure their stock of apples for winter use, will do well to call on Benson.

One day last week D. L. Sessions Jr., was paid \$100 and extra money, in all to about \$12, for breach of peace. The complaint was entered by his brother.

Our readers will find it a great convenience to get needles and attachments of best quality for any sewing machine, by return mail, from D. H. Young, Portland, Me. Secynt.

Rev. W. H. Collins, Rector of St. Stephen's church, will hold service and preach at the Court House next Sunday morning at 10:45 a. m. The services are not yet canceled.

Mr. Jasper Dunn has just brought in three eggs laid by a pair of birds which were taken from West Salisbury on Thursday last and went to Montpelier.

The weather was fine and all the children and young folks seemed to enjoy the excursion very much. They visited the Capitol, Bethesda church, and other places of interest about Montpelier.

SUCH TELL YOU WHERE, AND WHO—  
Wish not my dearest friends, but day every year,  
To remember the departure of him until very  
So peaceful in death, that you never can fear  
His union with Christ, in a glorious brightness.

RIPON.—We labored under a little

mistake a few weeks ago in stating that G. Z. and O. S. King had purchased the Billings shingle and clapboard mill. The parties are J. M. and O. S. King. They pay \$2,500 for the mill with some timber and land attached. They are putting in the machinery preparatory to manufacturing shingles and will be in operation in a short time. They are common with other mills around are hoping for rain to fill the streams.

On the 14th inst Mr. O. Danforth made a cupboard new from his mill and on enquiring and searching for it, it was stated that Henry Atwood had taken it and sold it to Mr. Brown, who on the same day commenced using it in another mill, but on starting some of the machinery got out of place and allowed a leg to fall on it while moving at a high rate, breaking the saw and throwing the pieces over the mill furiously, but without injuring any one. The taking of the saw was a serious inconvenience to Mr. Danforth for he was on the point of beginning work on clapboards, having been saving for states.

The friends of Mr C Billings, our representative elect, met at his home on the 15th but for an oyster supper. Not being present ourselves, we hear that a first-rate time was had, and we do not question that the report, knowing host and guests as we do, should expect to have such compliments from them.
